CLIENT

Imperial Irrigation District

START DATE

January 1980

COMPLETION DATE

In Progress

The Imperial Irrigation District ("IID") is a substantial public water and power provider located in southeast California. For over 35 years, Irby has provided call-out services including transmission, distribution, substation, and underground construction work for the IID Energy Service Territory ("EST") which covers 6,471 square miles, including all of Imperial County along with parts of Riverside and San Diego counties.

As a not-for profit, publicly-owned utility, IID serves electricity to more than 150,000 customers in the EST and Irby is proud to be a regular and ongoing technical contributor to the safe and reliable operation of its grid infrastructure.
