

# EMERGENCY RESTORATION

**IRBY**  
CONSTRUCTION

A QUANTA SERVICES COMPANY

In the aftermath of a major storm, utility companies need a trusted partner that can mobilize quickly. Irby has the resources to act fast. We also have the heart to see the power restoration through to completion. No matter the conditions, Irby Construction can help.

# IRBY CONSTRUCTS, INSTALLS, INSPECTS, UPGRADES AND MAINTAINS ELECTRIC POWER INFRASTRUCTURE.

## **WE ALSO REPAIR POWER LINES AND PROVIDE POWER RESTORATION SERVICES.**

Irby crews are dispatched immediately in the event of an emergency. Day or night, rain, sleet or snow—our fleet of bucket trucks and trained linemen will be lined up and ready to go. We assess and repair damage to systems immediately following an outage event. We can also help prepare systems to weather the next one.

- Damage assessment
- Short term and long term planning/repairs
- Overhead and underground repair and replacement
- Pole erection/repair (wood, steel, aluminum lattice, concrete)
- Foundation repair
- Line repair and replacement
- System maintenance and upgrades

## **HEROIC HEARTS**

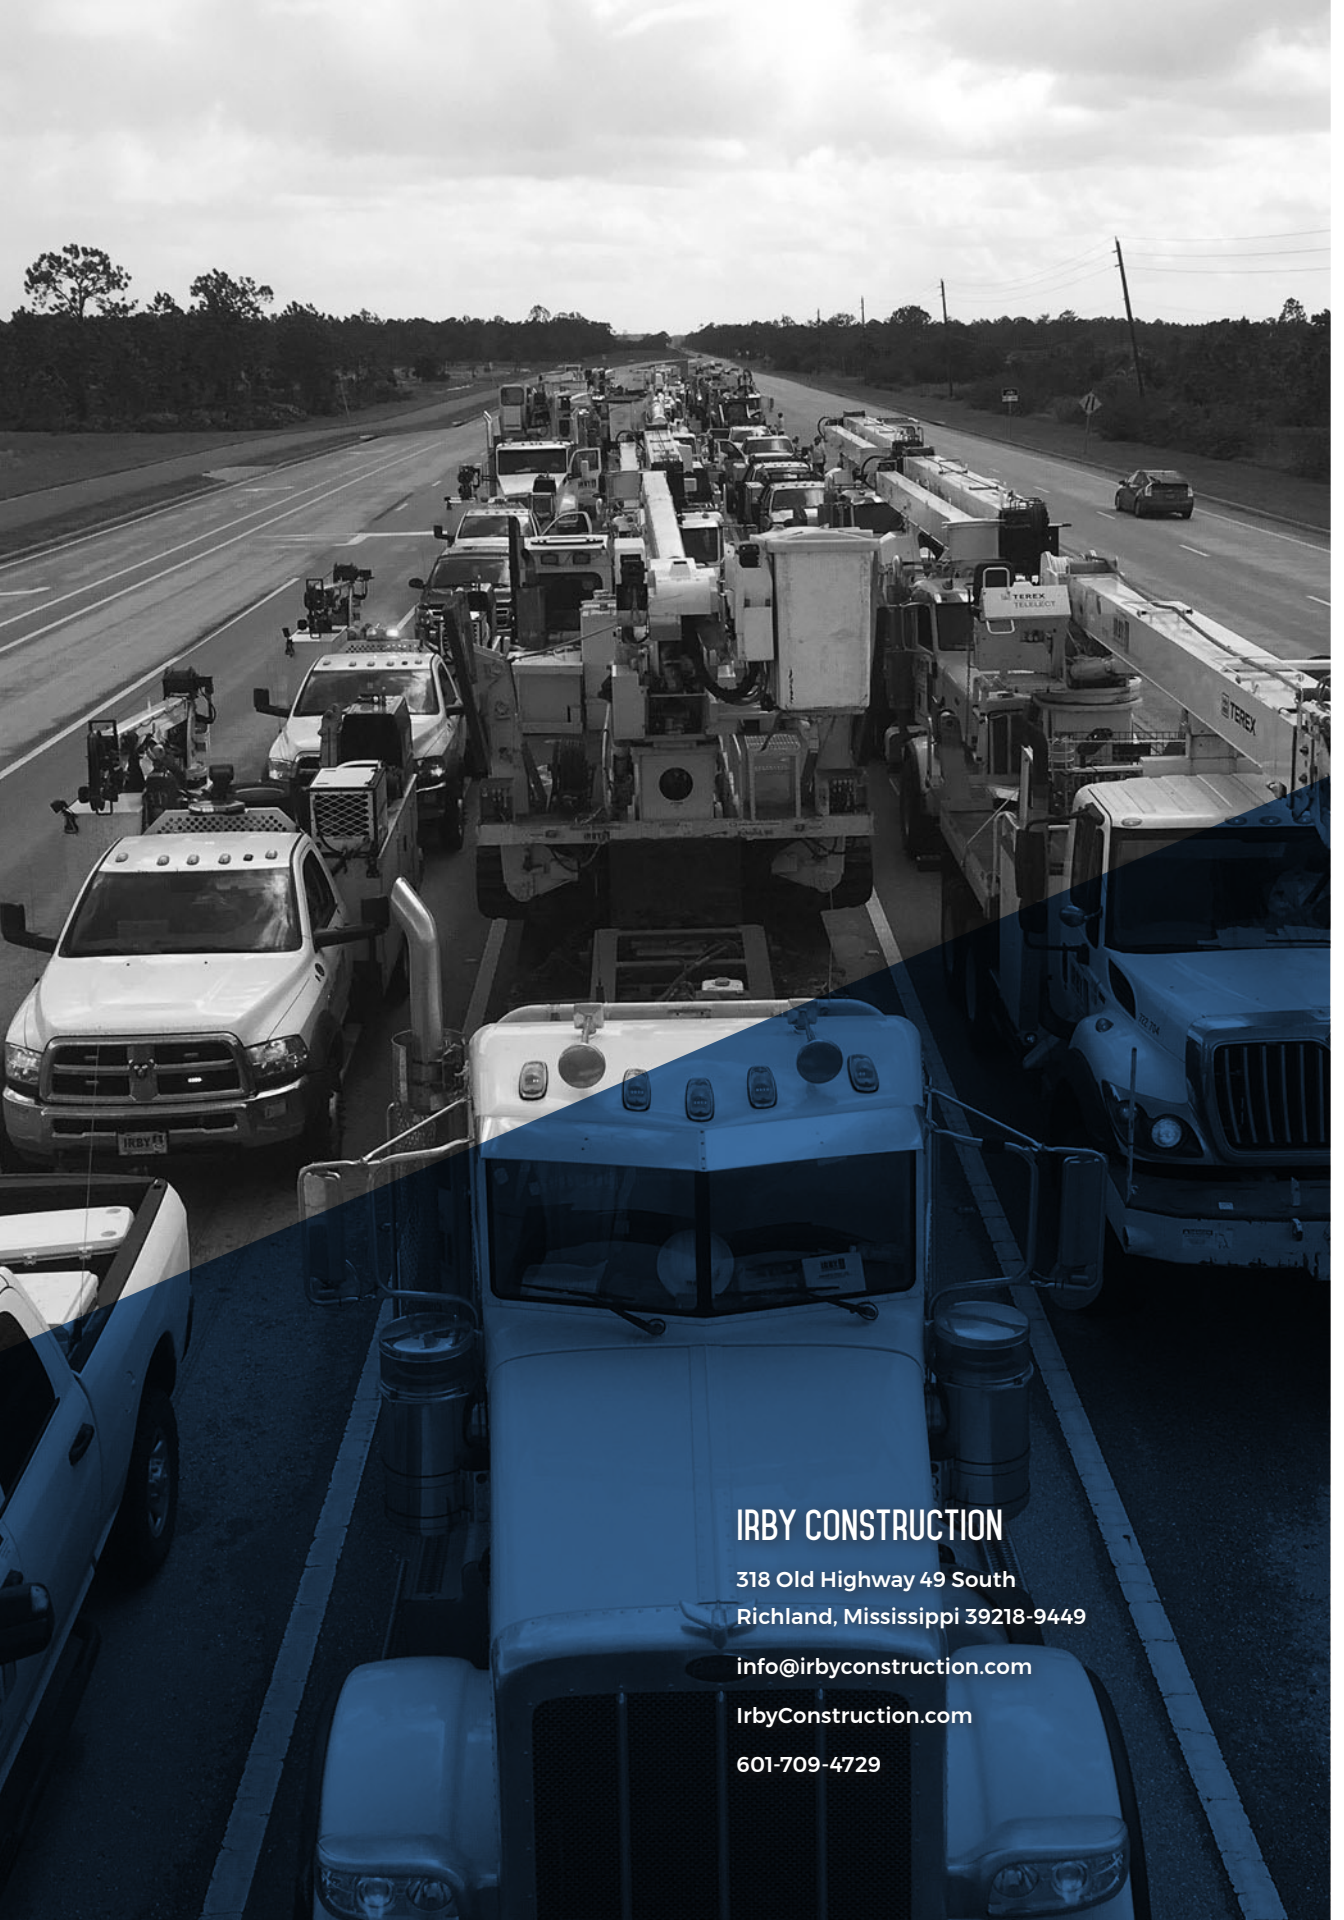

Some people thrive when help is needed. Irby linemen are some of the best of them. We know that restoring power as quickly as possible is what matters most to our clients and their customers. At the end of the day, emergency restoration work returns a sense of normalcy to communities in distress.

## **THE FLEET & OUR FEET**

Irby's human resources are significant. We're 1,600 strong in the field, and our crew is backed by the power of Quanta Services (NYSE: PWR) and our more than 60 affiliate organizations with which we regularly collaborate.

**To establish a preapproved contract for emergency restoration or learn more about our service contracts, email [Irbybids@irbyconstruction.com](mailto:Irbybids@irbyconstruction.com).**
