

PERFORMANCE IS OUR PROMISE.

Irby Construction Company is a premier builder of power infrastructure in the United States and abroad. Our turnkey services include:

Transmission

Overhead Distribution

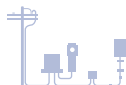

Substations

Telecommunications

Renewables

Underground Distribution

Foundations

Outdoor Lighting

EXPERIENCE AND EXPERTISE DRIVE OUR ABILITY TO GO FURTHER FOR CLIENTS.

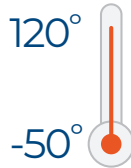

For over 75 years we've served clients that are IOUs, independent developers, municipalities, and cooperatives.

We've installed nearly
200,000 miles
of power lines.

We've worked in
43 states
and
8 countries.

Our crews have worked in extreme conditions. From mountains to swamps—and in temperatures that span from negative 50 degrees to 120 degrees Fahrenheit.

1st

Irby was **first in the field** to employ helicopters for transmission construction.

We were also first to construct a 765kV project in the U.S. We ultimately built over **90%** of America's total 765kV grid.

OUR CLIENTS TRUST IN OUR TRAINED ABILITY TO WORK SAFELY AND DELIVER QUALITY WORK ON TIME.

Today, we have approximately
2,300 employees
and a fleet of more than
3,800 pieces
of equipment ready to mobilize and serve your project or in the event of an emergency.

Quanta Services, acquired Northwest Lineman College (NLC) in 2017. This connects Irby directly to the nation's largest and leading lineman training institution.

Providing and maintaining a safe working environment is at the core of everything we do at Irby Construction.

A **QUANTA SERVICES COMPANY**

Our company is proud to be a wholly-owned subsidiary of Quanta Services, Inc. Company. (NYSE:PWR)
